

THE PITBULL PRESS IS HEADING IN A NEW DIRECTION AND NEEDS YOU!

Until now, the Pitbull Press has been written by a number of different individuals hoping to tackle issues that were concerns for members. Except there was one problem ... we never really asked members exactly what they wanted the Pitbull Press to cover. So here's your chance SEIU members!

The Pitbull Press is forming a member-based committee ... this means:

- 1. Members choose Pitbull Press topics**
- 2. Members choose the new direction of the Pitbull Press**
- 3. Members who care get to share concerns**
- 4. Members speak and members are heard**

EMBRACE THE VISION

SEIU's Vision for a Just Society.... Join SEIU Today

We believe in and will fight for a just society

- ⇒ Where all workers are valued and all people are respected.
- ⇒ Where all families and communities thrive.
- ⇒ Where we leave a better and more equal world for generations to come.

SEIU has always been united by the belief in the dignity and worth of workers and the services they provide. We have won some battles and lost some, but have never been more dedicated to improving the lives of workers than we are today. We move into the new year with a new approach and attitude toward membership. As we take stock and look at our active membership numbers, we would like to remind non-active members that the time is now to join SEIU in our fight for better wages, benefits and working conditions for all workers.

Now is the time to use our voices and our vote to speak for what we want and what we think our membership needs. So, if you are not a full member, you can take time to put yourself in position to vote, before negotiations for YOUR benefits begin. Together, we can demonstrate the strength of our membership by getting the numbers up and facing the issues as a unified voice.
