

# PROP 32 WANTS TO TAKE AWAY OUR VOICE

**By Gwyndolyn Harshaw, SEIU Local 521 President**

**H**ave you heard about the unregulated, and unreported, billions of dollars that are coming from Super PACs to buy our elections? This year, these same billionaires and corporations have spent millions of dollars qualifying Proposition 32 on the November ballot so they can take working Californians like us completely out of the picture. They claim it's about "stopping special interests" - but it's really about silencing the voice for good jobs, wages and retirement for workers like us.

That's why the **California Clean Money Campaign, the League of Women Voters and Common Cause** have joined **thousands of nurses, teachers, firefighters and everyday heroes** from across California to stand against this deceptive measure.

**PROP 32 is unbalanced, unfair and does nothing to address the broken system in Sacramento.** In fact, it is the first of a one-two punch. The anti-union backers are trying to fool voters into passing this measure now so they can come back with measures later that strip away our rights.

**Go to [www.seiu521.org](http://www.seiu521.org) and sign up today to say you will VOTE NO on Prop. 32.**

With absolute power in Sacramento, they'll go after all of the things that we've fought so hard for - like workplace health and safety rules, fair wages, affordable health care and job security - even the right for workers to have a union at all.

We can't afford to let this happen. Uncontested, corporate CEOs and billionaires who have attacked workers across the nation will trample our rights here in California to push their own self-serving agenda.
