HOLD COURTS ACCOUNTABLE

REINVEST IN JUSTICE

JUSTICE at the

CROSSROADS

HOLD COURTS ACCOUNTABLE

Dear Governor Brown:

Our court system is in crisis.

This year's budget did far too little to help courts turn the corner. In fact, we are facing closures, layoffs, and continued delays and lines around the state. We need to reinvest in courts if we want all Californians to have access to justice, families to receive the legal services they need, and businesses to have their legal issues addressed in a timely manner.

We also need to ensure that courts maintain a high standard for the provision of these vital public services. Please sign AB 566 (Wieckowski) to hold courts accountable to the same high standards that schools, state agencies, and others must meet when privatizing and contracting out.

Reinvest in justice & hold courts accountable: they have to go together!

Sincerely,
