WOMENS CAUCUS HISTORY & PURPOSE

The Women's Caucus was established on December 5, 2005 and was originally known as the Central Valley Women's Committee. We, the Working women recognize the common bond we share as working women and the need to mutually support one another both in our workplaces and in our communities. We further recognize the importance of organizing and educating and empowering ourselves to improve our status and our ability to resolve workplace problems and social and health problems plaguing our communities. For the above stated reasons we have created this Caucus. Our goal is to unite, educate, organize and empower the working women to become leaders in our union and be involved in our community.

Mission Statement:

**Working Union Women Empowering Our
Community**

We are working union women empowering our community. Women's Caucus members are very active in our community. We support and participate in many events that are related to women's issues. We have active Women's Caucuses in several of our Local's regions.
