The Fresno County Board of Supervisors approved a Tentative Agreement on salary increases for classifications in Bargaining Units 3, 12, and 36. This is a critical step in making Fresno County competitive and reducing turnover. By investing in workers, we can better deliver the quality public services our community deserves.

The County proposed this agreement based on issues with recruitment and retention for these classifications. We are still pursuing a salary comparison study for all represented classifications because all workers deserve a living wage.

Step by step, we are winning for working people in Fresno County with a contract that puts our community first. Only by standing together, rebuilding our power and our relationships with the Board of Supervisors have we made so much progress. When we make the case for investing in quality public services, we win.

Beginning April 24, the following classifications received wage increases ranging from 3.46% - 15.43%.

- Clinical Supervisor
- Supervising Account Clerk
- Account Clerk I, II, III
- Senior Licensed Mental Health Clinician
- Licensed Mental Health Clinician
- Unlicensed Mental Health Clinician
- Senior Licensed Psychologist
- Unlicensed Psychologist
- Utilization Review Specialist

“This is great for our members. Congratulations! Your Union continues the hard work to bring parity in salaries for all members!

We are currently requesting the County to conduct salary studies for all represented classifications. Stay tuned and stay involved!”
