SALINAS

Dear Fellow SEIU Local 521 Region 2 Member:

Please join me and your fellow SEIU 521 members at one of the upcoming regional meetings. We will be discussing the pension reform law passed by the State this summer and how it will impact us, as well as the rest of SEIU's fight for Retirement Security for all. We will also review the upcoming schedule of Local-wide elections in our Union and how we make sure our region has candidates running for all the seats to which we are entitled in the Local union. And we will report back on the November 2012 elections.

Here is a chance to catch up with people from other workplaces besides your own. I look forward to seeing you at this important meeting for all members.
