

People Working with Disability

Mission Statement

People Working with Disabilities (PWD) is a group of workers who have physical or mental disabilities, and/or work with or are interested in issues about people with disabilities. It will strive for full inclusion and less-restrictive environment and rights and respect for people with disabilities. The Santa Clara and San Mateo Homecare workers were instrumental in developing this caucus.

Our mission is to educate workers on their rights to good union jobs after injury, rehabilitation, developmental, physical or emotional disabilities.
