# Fresno County Negotiations Update!

## November 3, 2011

The County continues with its overall **double digit** pay cut from your pockets, while rejecting your negotiation team proposals that would help save the County millions of dollars.

Your negotiation team and CAT members would like to thank all the members who attended the rally at the BOS on Tuesday. We need more of you to turn out for the next action. (See Back!)

**SOLIDARITY IS WORKING!!!!!!!**  
Keep up the good fight for your money and rights!

**Contact your BOS and ask why???**
