Unit 2 Juvenile Correctional Officers

Two correctional officers, Eulalio (Larry) Gomez and Victor Prado, recently tried and failed to create their own union using deceptive tactics and outright lies with their fellow officers.

They failed because the Civil Service Commission unanimously denied their request.

Now they are trying to get signatures from all of Unit 2 so they can pull us into their scheme. At the Commission hearings they said correctional officers were unique and better than JCOs. They didn't want us before and now they want to use us.

"I'm standing STRONG with SEIU. I'm not signing anything that will weaken my position at the bargaining table."

*- Melanie Hines, Senior JCO and
Unit 2 Juvenile Corrections Vice President*

"Don't be fooled into signing on with a few bad apples. If they'll deceive the people that they work with every day, what will they do to us when they don't need us anymore?."

*- Cassandra Holdsambeck, JCO and
Unit 2 Juvenile Corrections Chapter Recorder*

"At this time without signs of unity within our group and the possibility of decertifying, it shows the county a division amongst our group and it weakens our strength on possibility of negotiating any type of contract. We stand strong as a group. Don't rush into signing anything to decertify until you know the facts."

- Bo Thao, JCOII
