

nurse alliance of California

Sign up for the March 16 , 2013 Public Health Nurse Conference

Please join us for the 3rd annual conference held solely for **Public Health Nurses!** Attending nurses will learn how the changes in the new health care system will affect the daily practice of Public Health Nurses.

We will learn the impact the Affordable Care Act has had and will have on the Public Health System and how nurses will lead the way. Nurses will learn how to apply the Nurse Practice Act as it relates to the PHN nursing practice. In addition, we'll learn the importance of care givers taking care of themselves through wellness programs and occupational health & safety.

The 2013 Public Health Nurse Conference can't happen without your participation. Please take a minute to register online: www.nurseallianceca.org

“Impressing upon the poor the latest findings of science without simultaneously urging reform in housing, child protection, and wages is cruelly sardonic on the part of the nurse.”

Lillian Wald, PHN
