

**As member leaders, WE have the power to unite workers to build a stronger union.**

## **What is a Member Leader?**

The most powerful way to connect with workers is with our stories and experiences as members of SEIU Local 521. Only members can talk about the power of our union and how it impacts our quality of life.

## **Member Leader Workshops Start Now.**

Member leaders will receive training and have fun making a serious difference in the lives of working families. Workshops will focus on real-life organizing opportunities and challenges.
