

# Together WE RISE

## JOIN UP: SEIU MEMBERS VOW TO STICK TOGETHER

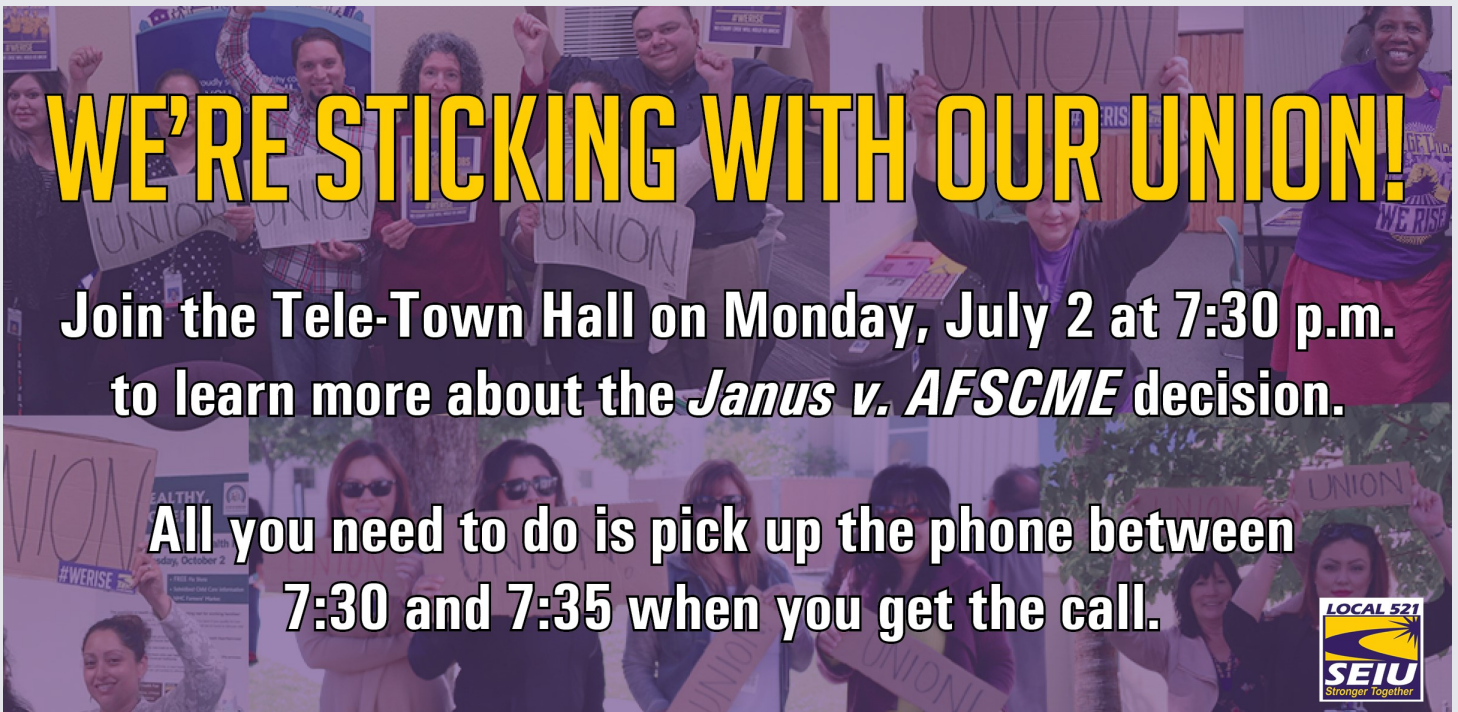

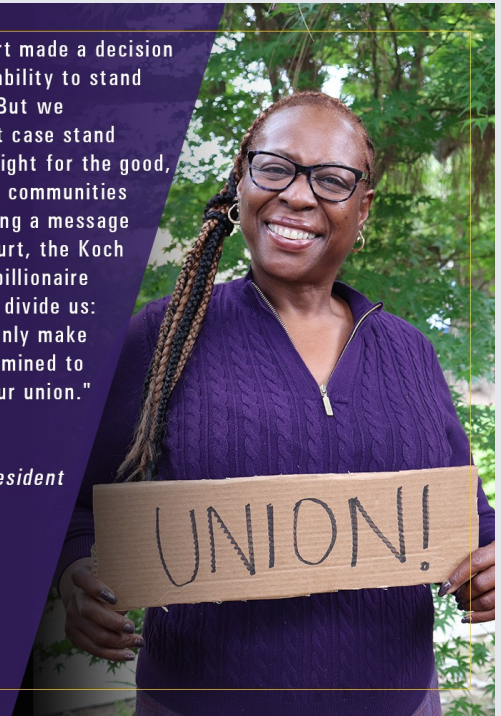

SEIU 521 members are committed to sticking together in our union, despite the June 27 decision by the U.S. Supreme Court in the *Janus v. AFSCME* case that makes it easier for wealthy special interests to rig the economy further by dividing us.

We know that when working people whether white, Black, or brown are united in a union, we have the power in numbers to raise wages, secure basic needs like healthcare coverage, improve our jobs, make life better for our families, and build stronger communities.

Join your fellow members for our Tele-Town Hall on Monday night to learn more.

"The Supreme Court made a decision that weakens our ability to stand together at work. But we won't let any court case stand in the way of our fight for the good, union jobs that our communities need. We are sending a message to the Supreme Court, the Koch Brothers, and the billionaire CEOs that want to divide us: Your attacks will only make us even more determined to stick together in our union."

Gwyn Harshaw  
SEIU Local 521 President

# RISE UP: SHOW YOUR SUPPORT FOR OUR UNION ON SOCIAL MEDIA!

On June 27, SEIU 521 members were joined by working people across the nation in a show of unity by holding up signs with a simple message: UNION.

Thousands of photos and videos of people holding signs are being posted on social media using the hashtag #UNION. To participate in our Union Pride social media campaign, post your selfie, video, or group photo with the hashtag #UNION on our Facebook page @SEIU521.

## WIN: SEIU 521 MEMBERS ARE COMMITTED TO GROWING OUR POWER

SEIU 521 members won't let out-of-state billionaires weaken our union. We will win by continuing to talk to our co-workers about the power of our union, and staying vigilant for the wealthy special interests who want to divide us. Learn more at [seiu521.org/FightBack](http://seiu521.org/FightBack).

"Nothing is going to stop my co-workers and me from fighting for good, union jobs and quality in the services we provide as public health nurses. As Public Health Nurses, we are the first responders in the case of an outbreak of an illness.

We've won improved working conditions which translates to better preventative work in our communities, saving lives and taxpayer money. We're proud to stand strong with our brothers and sisters across California and the nation. Together we rise!"
