Janitors assigned in accordance with the following criteria shall receive one dollar and twenty cents (\$1.20) per hour as the total premium payment for each hour actually worked:

- i. Project Team Crew Criteria

Janitors who have bid to work on the team cleaning or project crew are entitled to the differential when performing team cleaning or special project assignments. They will continue to receive the pay when pulled by management to do other work.

- ii. Non-Project Crew Criteria

1. Janitors who have bid to work in relief jobs are entitled to the pay when they are not assigned to provide relief for a regular floor assignment, but only when assigned to a team cleaning or special project assignment.
2. Janitors who have bid to work in a regular floor assignment are entitled to the pay when pulled from their assignment and area, and are instead assigned to a team cleaning or special project assignment.

The criteria used to determine if the Janitor is eligible is whether or not the work done is a regular part of the designated job assignment for the specific area in question. If any regular job (one tied to an area) requires the periodic performance of janitorial tasks which are the same as those performed when doing a special project, they are not eligible for the differential since it is a part of the designated job for that specific area.
